Results

24.9% of the city's land area is within a half mile of an 'L' station. 23 of 77 community areas have no part within a half mile of a station, and 22 are at least half covered.

Coverage follows the radial lines out of the Loop. The largest gaps are the Far Southwest Side (Ashburn, Beverly, Mount Greenwood), the Far Southeast Side (South Deering, Hegewisch) and the Northwest Side (Dunning, Montclare, Belmont Cragin).
